**3<sup>RD</sup>**  
**GRADUATION  
CEREMONY**  
**AS A PUBLIC UNIVERSITY**

*For the conferment of Kabale  
University Degrees and award of  
Diplomas and Certificates*

## **Vision:**

A distinct, vibrant, people-centred University in the Great Lakes Region and beyond

## **Mission:**

To excel in generation and dissemination of relevant knowledge and skills development for lifelong learning and community service

## **Motto:**

Knowledge is the future

## **Values:**

The following values will guide the behavior of all staff of KAB and constitute the glue that binds them together in the execution of their duties.

### **Accountability and Transparency:**

The University management, staff and students will conduct themselves in such a way that it is easy for others to see what actions they have performed. It also entails that relevant information is accessible in plain and readily comprehensible language appropriate for different stakeholders to participate. Information therefore should be managed so that it is up-to-date, accurate, and complete. In addition, it involves ensuring that Management, staff and students will at all times be answerable for their actions and that there is redress when duties and commitments are not met.

**Professionalism** demands, inter alia, a thorough knowledge of one's field of endeavor as well as demonstration of skill, high ethical standards, and respect for KAB's clients and other stakeholders

**Innovativeness** requires persons to create something new that has some kind of value to the old way of doing things. It can be in terms of approaches to teaching, research and community service; or it can be a whole new research project and its adaptation. Consequently, KAB shall through teaching, learning and research promote the discovery of new knowledge, new ways of doing things and new solutions to existing problems.

**Equity and equality** are important to promote justice in society and in a university environment. These values will underlie recruitment of KAB staff and students, KAB human resources management processes and reward systems. Equity and equality will apply to clients' access to KAB services.

**Teamwork** requires that members work individually and collectively towards a common goal. Consequently, KAB shall promote establishment and sustainability of work and project teams that will be formed to further its mandate and mission. Such teams shall be supported with adequate resources, a conducive environment and strategic guidance, and will be continuously reviewed for better performance. Teamwork is critical to achievement of KAB objectives. KAB will set in place mechanisms to share organizational vision, mission and objectives, extend support to individual members to ensure cost-effective implementation of planned activities.
